

Building bridges between Italy and Japan

 4 July 2023
h 15:30 - 18:00 Auditorium
Human Technopole
Milan, Italy

Human Technopole and the Association of Italian Researchers in Japan (AIRJ) are glad to announce the symposium "Building scientific bridges between Italy and Japan", with the participation of the Japan Society for the Promotion of Science (JSPS).

The symposium provides an overview of scientific exchange opportunities available in Japan to early stage researchers in STEM and other disciplines.

Interested participants are invited to register their attendance to this free in-person event.
